Scrap Iron From Islands.

TACOMA, Nov. 7.—The schooner Robert Lewers, 600 tons, from Honolulu October 16, has arrived, bringing 155 tons of scrap iron from the Islands for R. Winkelman to be used at the Lake View rolling mills. The Lewers will discharge the scrap iron at the Northern Pacific dock and will afterwards load lumber at one of the down Sound ports.

Longshoremen and R. Winkelman, consignee of the scrap iron cargo of the schooner Robert Lewers, were in a tangle yesterday as the result of Winkelman's refusal to pay the usual price of 40 cents per hour for discharging the scrap iron. Winkelman paid 20 and 25 cents an hour to longshoremen for discharging the scrap iron cargo of the schooner F. S. Redfield recently. When the Lewers was ready to discharge yesterday the longshoremen demanded 40 cents and Winkelman refused to pay more than 20 cents. He secured a few men to work at this price, but some of them were persuaded to quit. Others were secured at 20 cents in the afternoon and a few pieces of the scrap iron removed from the steamer's hold. It is anticipated that by Monday the 40-cent price will be paid.—Tacoma Ledger, Nov. 10.

Boucicault's Old Drama.

One of the most interesting and delightful comedy dramas that the modern stage has known, "The Jilt," will be presented for the first time in this city by Mr. Neill and his company at the Opera House this evening. It is from the pen of Dion Boucicault, and stands as one of the very best plays that that gifted author ever wrote. The role of the Irish hero, Miles O'Hara, Mr. Boucicault created for himself. The part is said to fit Mr. Neill most admirably. Miss Chapman will be seen as the high-spirited and noble Kitty Woodstock, one of those dashing roles in which she always shows to great advantage. Tomorrow evening there will be another Saturday night crush to witness Charles Coghlan's famous romantic success, "The Royal Box."

Magazines Wanted.

Chaplain Dickson, of the Twenty-sixth Infantry, recently went through on the Kilpatrick and was supplied with such literature as the Young Men's Christian Association had in its storeroom, but it had been pretty thoroughly picked over. Denominational papers are called for but little, but magazines and illustrated papers are always in demand. Now that two transports are coming, the secretary would request friends of the soldier boys to send in magazines at once for use on the transports, in the Philippines, or at Camp McKinley. Or they may be tied up securely and marked for Chaplain Dickson, and left at the barracks on Hotel street.

Miss Gertrude Bates, of San Francisco, accompanied Mr. and Mrs. Joseph Sadoc Tobin to Honolulu, and is being entertained here.

Trust Company for Mexico.

MEXICO CITY, Nov. 13.—Renewed reports in financial circles attribute to the Standard Oil group the purpose to establish a large trust company here, which will do the banking business and provide means for financing large American undertakings. Present Mexican legislation does not contemplate trust companies as they are known in the United States, and there will have to be extensive changes made in the existing laws to give full scope to a trust company. Old established banking interests resent the increase of American financial influence and will probably make opposition to changing the laws so as to make them favorable to the new American financial project.
